Overview and History

Chippers Inc. is a full service green industry business with corporate headquarters in Woodstock, Vermont. We are a first-generation, independently-owned entity, and proud of our reputation as an accredited, dependable and quality-oriented Tree Preservation, Turf & Soil Care, Land Enhancement, and Forestry services company. Our customers have relied on us for their land, turf and tree care needs for more than 22 years.

Regardless of whether we prune one tree, fertilize a single lawn or enhance many acres, our clients are always our first priority. We emphasize the highest quality workmanship, service and professionalism. This emphasis begins with the initial presentation and proposal work, and continues through the design and planning process, close site supervision and post project contact.

Mission Statement

Our mission is to establish **chippers** as the premier Vermont and New Hampshire provider of green care services in the areas of Tree Preservation, Forestry, Turf & Soil Care, and Land Enhancement. To do so, we strive everyday to:

- Exceed our clients' expectations through personalized service, professionalism and quality workmanship;
- Provide a workplace that encourages personal and professional development, based on our employment philosophy of being firm, fair, flexible and fun;
- Conduct our business with safety and integrity as utmost concerns; and
- Contribute to the aesthetics and sustainability of our communities and our environment.
