

## *We Are Chippers*

Mundy Wilson and the entire Chippers team would like to thank our community for the support offered to us both individually and as a company after the passing of our Founder and General Manager, Will Russell.

Will's dying wish was that Chippers would continue on the course he set for us, and under the leadership of his spouse and business partner of the past decade, Mundy, we will do exactly that.

We will carry forth his legacy with strength and pride for what he created and for what he believed we could achieve in the future by eventually becoming an employee-owned company. He built a true team to carry on in his absence and we will never, ever let him, or ourselves, down.

*We are committed.  
We love what we do, for you.  
We are Chippers.*

*Our Company Mission is to establish and sustain Chippers Inc. as the premier provider of services in the areas of Tree Preservation, Turf & Soil Care, Land Enhancement and Forestry. To do so we strive every day to:*

- Exceed our clients' expectations through personalized service, professionalism, and quality workmanship;*
- Provide a workplace that encourages personal and professional development, based on our employment philosophy of being firm, fair, flexible and fun;*
- Conduct our business with safety and integrity as utmost concerns; and*
- Contribute to the aesthetics and sustainability of our communities and our environment.*

Thank you again for your expressions of kindness, love and support.
